Suntsu is your one-stop electronic components supplier.

Our product lineup consists of non-active components with a focus on helping our customers cut costs and simplify their supply chain.

We analyze BOM's for cost-reduction recommendations, create custom inventory management programs, and provide engineering support to help with everything from custom components to complete box builds.

Our Component Strengths

Our Service Strengths

Engineering

Free your time by tapping our talented engineering team.

Manufacturing

Boost your designs with our custom components and turnkey solutions.

Inventory Management

Eliminate lead-times and cash flow constraints with customized inventory management.

Sourcing

Secure hard-to-find and EOL parts using our skilled global sourcing team.
